

What went well?

What should we keep doing?
What should we celebrate?
Where did we make progress?

What went poorly?

Where did we have problems?
What was frustrating to us or others?
What held us back?

agriculture impact
society in many
ways

providing
raw
materials for
food

helps in the
economy of
the country

over
dependence on
unreliable rain
and lack of
irrigation
facillities

primary
sector

climate
change

INDIA'S
AGRICULTURE

trend of
rising
agriculture
productivity

implementation
of land reforms

we should believe
in the future of
agriculture
because we
cannot survive
without it

organic
fertilizer

shift from
wooden to
iron
ploughshares

improve crop
varieties and
improve
water
management

What ideas do you have?

What ideas do you have for future work together?
Where do you see opportunities to improve?
What has untapped potential?

How should we take action?

What do you believe we should do next?
What specific things should we change?
What should extend beyond this meeting?
